PLOT#68, INDUSTRIAL TRIANGLE, KAHUTA ROAD,
HUMAK TOWN, ISLAMABAD

OBJECTIVES

ABOUT US

MATRIX is an independent organization located in Industrial Triangle Humak Town, Islamabad. The company was founded in 2013 and since then has been involved in the production of High-Density Polyethylene Jerry Cans ranging from 4 litre to 25 litre. For the production of jerry cans, extruder blow moulding process is used with the help of extruder blow moulding machines. Similarly, Approved High Density polyethylene is used for the jerry cans production. Pure virgin material is used imported from Qatar & Saudi Arabia.

VISION STATEMENT

MATRIX Top Management is committed to become the leading supplier of the food grade jerry cans in Pakistan.

The prime objectives of the MATRIX Top Management

- Providing economically viable, environmentally safe and quality product (jerry canes) to our valuable customer/client.
- Conducting business in a way that promotes quality, health, safety & environmental protection, leading to sustainable development.
- Striving for continual improvement in our performance.
